About REACH

REACH (reaching everyone for active citizenry@ home) was launched in October 2006 when the Feedback Unit was restructured to move beyond gathering public feedback, to become the lead agency for engaging and connecting with citizens. This signifies its renewed commitment to encourage and promote an active citizenry through citizen participation and involvement. The three key roles of REACH are to: Gather and Gauge Ground Sentiments; Reach Out and Engage Citizens; and Promote Active Citizenry through Citizen Participation and Involvement.
