

PROPOSED HEALTH PRODUCTS (SUPPLY AND USE OF THERAPEUTIC PRODUCTS FOR VETERINARY PURPOSES) REGULATIONS 2018

(A)	<u>Definition</u>
1	Therapeutic Products (TP) refer to medicines that are formulated and intended for use in humans but may also be used off label for veterinary purposes. The list of TP is specified in Part I and Part 2 in the list appended at the end of this document
(B)	<u>Supply of TP for Veterinary Purposes</u>
1	<p><i>(i) Supply of TP by wholesale -</i> Under the regulations, companies who supply by wholesale TPs for veterinary purposes are required to apply for an AVA wholesaler's licence with supporting documents and licence fee. The supply of TP by wholesale can only be made to veterinarians, veterinary centres and farms (in accordance with a prescription issued by a veterinarian);</p> <p><i>(ii) Supply of TP by retail -</i> The supply of TP by retail sale is restricted to (i) vets for animals under their care, or (ii) pharmacists (in accordance with a prescription issued by a veterinarian);</p> <p>For the supply of TP by retail sale, the package or container of the TP has to be labelled with all of the following in English:</p> <ul style="list-style-type: none"> a) the name of the person to whom the therapeutic product is to be issued to; b) the name, address and any identification number or logo of the licensed veterinary centre or licensed retail pharmacy where the therapeutic product is supplied or dispensed; c) the date that the therapeutic product is dispensed; d) the directions for use of the therapeutic product; e) the name of the therapeutic product, being either the proprietary name or the appropriate non-proprietary name; f) where the appropriate non-proprietary name is included on the label, the appropriate quantitative particulars of any active ingredient of the therapeutic product.
(C)	<u>Licensing of TP Wholesalers</u>
1	<p>Applicants will be required to submit to AVA the following documents:</p> <ul style="list-style-type: none"> a) Application form b) Business profile from Accounting and Corporate Regulatory Authority (ACRA) c) Layout plan of the premises d) Existing valid licence from HSA (either TP Wholesaler's Licence or Form A Poisons Licence) e) Declaration form

	<p>Licensing fee of \$50 and amendment fee of \$30 are applicable. The licence is valid for 1 year. Please note that fees are subject to review.</p> <p>Companies that are holders of an HSA TP Wholesaler's Licence or Form A Poisons Licence do not require to be inspected by AVA. Companies that are not holders of one of the above licences will need to be inspected by AVA prior to issuance of the licence. Inspection by AVA will be valid for up to 3 years. Inspection fees are \$63/hr or part thereof.</p> <p>A transition period will be provided for companies to apply for an AVA Wholesale Licence and for inspection of premises (if applicable).</p>
(D)	<u>Duties of Suppliers of the TP</u>
1	<p><u>Duties concerning storage, handling etc. of TP</u></p> <p>The TP wholesaler licence holders must ensure that the handling, storage and distribution of the therapeutic product are maintained to prevent the deterioration of the product while it is in the holder's ownership, possession or control.</p> <p>The TP wholesaler licence holders must not use any premises other than the premises specified in the licence for the purpose of handling, storage and distribution of the TP.</p>
2	<p><u>Responsible person</u></p> <p>The TP wholesaler licence holders will be required to name at least one responsible person in their licence and must ensure that:</p> <ul style="list-style-type: none"> a) the responsible person has adequate knowledge of the activities to be carried out and procedures to be performed under the licence b) the responsible person has relevant working experience relating to those activities and procedures c) the responsible person is contactable by AVA at any time (by mobile telephone number or email address) d) the responsible person discharges the duties imposed on such a person in the licence by the terms of the licence e) no other person (except the responsible person named in the licence) may act as the responsible person
3	<p><u>Changes affecting AVA wholesaler's licence</u></p> <p>The TP wholesaler licence holders must notify AVA of any change to any particulars in relation to the application for the licence and any change that affects the activities (e.g. premises, operations and processes, responsible person).</p>
4	<p><u>Duty to comply with enforcement requirements</u></p> <p>Any premises of a TP wholesaler licence holder that are used for the supply or storage of any TP and any conveyance that is being used by a licensed wholesaler for the transport of such TP are subject to inspections carried out by AVA. During the inspection, AVA may require the AVA licensed TP wholesaler to furnish a sample of such TP and take photograph of the premises or conveyance or any material found on the premises or in conveyances.</p>

5	<p><u>Duty to maintain records of receipt and supply</u></p> <p>Every TP wholesaler licence holder and person supplying TP by retail sale must maintain a record of every receipt and supply of any TP. The records are required to be retained for at least 2 years after the date on which the therapeutic product is received from or supplied. Such record will need to be produced for inspection by the AVA as and when required.</p> <p>The records of receipt of TP must contain all of the following information:</p> <ul style="list-style-type: none"> a) the proprietary name or [appropriate non-proprietary name] of the therapeutic product; b) the date on which the therapeutic product is received; c) the name and address of the person from whom the therapeutic product is received; d) the quantity of the therapeutic product received; e) the identification number (for example, the control number, lot number, batch number or serial number) of the therapeutic product received; <p>The records of supply of TP must contain all of the following information:</p> <ul style="list-style-type: none"> a) the proprietary name or [appropriate non-proprietary name] of the therapeutic product; b) the date on which the therapeutic product was supplied; c) the name and address of the person to whom the therapeutic product was supplied; d) the quantity of the therapeutic product supplied; e) the identification number (for example, the control number, lot number, batch number or serial number) of the therapeutic product supplied
6	<p><u>Duty to report defects and serious adverse reaction and recall</u></p> <p>Every TP wholesaler licence holder and or person who has supplied a TP by retail sale must report the defect or serious adverse reaction to AVA immediately or no later than 15 days after first becoming aware of the defect or serious adverse reaction.</p> <p>Upon receiving the information of the reports of defects or serious adverse reaction from TP, AVA may issue a Notice to “stop-sale” and cease the administration of the TP. The TP wholesaler licence holder or person who has supplied a TP by retail sale may be required to take measures deemed necessary (by AVA) concerning any defect or serious adverse reaction, including issuing a statement, provide a report on measures taken, and other measures the Authority thinks necessary.</p> <p>The TP wholesaler licence holder or person who has supplied a TP by retail sale is required to notify AVA of any intention and reasons to initiate recall immediately or no later than 24 hours before the start of the intended recall.</p>

PART 1
CLASSES OF THERAPEUTIC PRODUCTS

Anti-toxins
Anti-venoms
Insulins
Plasma derivatives
Androgen, oestrogen or progestogen hormones
Vaccines

PART 2
ACTIVE INGREDIENTS

(\pm)-4-ethyl-2, 5-dimethoxy- α -phenethylamine (2C-E)
(\pm)-N-ethyl--methyl-3,4-(methylenedioxy)phenethylamine
2, 5-Dimethoxy-4-ethylamphetamine (DOET)
2, 5-Dimethoxyamphetamine (DMA)
2-Deoxy-2-[18F] fluoro-d-glucose
2-Phenylcinchoninic acid; 2-salicylcinchoninic acid
3, 4, 5-Trimethoxyamphetamine (TMA)
3, 4-Methylenedioxymethamphetamine (MDMA)
3-Di-n-butylaminomethyl-4,5,6-trihydroxyphthalide
4-Cyano-1-methyl-4-phenylpiperidine
4-methylaminorex
4-Phenylpiperidine-4-carboxylic acid
5-methoxy-3, 4-methylene-dioxyamphetamine (MMDA)
5-Phenylhydantoin
Abacavir
Abatacept
Abciximab
Abiraterone
Acamprosate
Acarbose
Acebutolol

Aceclofenac
Acemetacin
Acepromazine
Acetanilide; alkyl acetanilides
Acetazolamide
Acetohexamide
Acetorphine
Acetylcarbromal
Acetyl cysteine
Acetyldigoxin
Acetyldihydrocodeine
Acetylmethadol
Acetylstrophanthidin
Acipimox
Acitretin
Acrivastine
Actinomycins
Acyclovir
Adalimumab
Adapalene
Adefovir
Adicillin
Adiphenine
Adrenaline
Adreno-corticotrophic hormone (ACTH)
Afatinib
Aflibercept
Agalsidase beta
Agomelatine
Alatrofloxacin
Albendazole
Alcaftadine

Alclofenac
Alclometasone
Alcuronium
Aldesleukin
Aldosterone
Alefacept
Alemtuzumab
Alendronic acid
Alfacalcidol
Alfentanil
Alfuzosin
Algestone
Alglucosidase alfa
Aliskiren
Allobarbital
Allobarbitone
Allopurinol
Allylisopropylacetylurea
Allyloestrenol
Allylprodine
Amfepramone
Aminorex
Amobarbital
Alminoprofen
Almüttrine
Alosetron
Alphacalcidol
Alphacetylmethadol
Alphachloralose
Alphadolone
Alphameprodine
Alphamethadol

Alphaprodine
Alphaxalone
Alprazolam
Alprenolol
Alprostadiol
Alseroxylon
Alverine
Alteplase
Altretamine
Amantadine
Ambroxol
Amorolfine
Amsacrine (M-AMSA)
Amyl nitrite
Amylobarbitone
Amylocaine
Anagrelide
Anastrozole
Ancrod
Androsterone
Angiotensin amide
Anidulafungin
Anileridine
Anistreplase
Antazoline
Apixaban
Apomorphine
Apraclonidine
Apramycin
Aprepitant
Aprobarbitone
Aprotinin

Aripiprazole
Arotinolol
Arsphenamine
Arteether
Artemether
Artemisinin
Artesunate
Articaine
Asenapine
Aspoxicillin
Astemizole
Atazanavir
Atenolol
Atomoxetine
Atorvastatin
Atosiban
Atovaquone
Atracurium
Atropine
Auranofin
Axitinib
Azacitidine
Azacyclonol
Azaperone
Azapropazone
Azasetron
Azatadine
Azathioprine
Azelaic
Azelastine
Azidamphenicol
Azidocillin

Azilsartan
Azithromycin
Aztreonam
Bacampicillin
Bacitracin
Baclofen
Bambermycin
Bambuterol
Bamipine
Barbital
Barbitone
Barbituric acid
Basiliximab
Becaplermin
Beclamide
Beclomethasone
Befunolol
Bekanamycin
Belimumab
Bemegride
Benactyzine; its quarternary compounds
Benapryzine
Benazepril
Bendamustine hydrochloride
Bendrofluazide
Benethamine penicillin
Benfluorex
Benoxyprofen
Benperidol
Benserazide
Benzamidosalicylic acid
Benzathine penicillin

Benzbromarone
Benzethidine
Benzhexol
Benzilonium
Benzocaine
Benzoctamine
Benzoestrol
Benzoylmorphine
Benzphetamine
Benzquinamide
Benzthiazide
Benztropine and its homologues
Benzydamine
Benzyl fentanyl
Benzylmorphine
Benzylpenicillin
Besifloxacin
Betahistine
Betameprodine
Betamethadol
Betamethasone
Betaprodine
Betaxolol
Bethanechol
Bethanidine
Betiatide
Bevacizumab
Bevonium methyl sulphate
Bezafibrate
Bezitramide
Bicalutamide
Bicisate dihydrochloride

Bifonazole
Bimatoprost
Biperiden
Bisoprolol
Bleomycin
Boceprevir
Boldenone undecenoate
Bonsentan
Bopindolol
Bortezomib
Bosentan
Botulinum toxin
Brentuximab
Bretylium
Brimonidine
Brinzolamide
Brolamfetamine
Bromazepam
Bromhexine
Bromocriptine
Bromodiphenhydramine
Brompheniramine
Bromvaletone
Brotizolam
Buclizine
Budesonide
Bufexamac
Buflomedil
Buformin
Bumadizone calcium
Bumetanide
Bunazosin

Buphenine hydrochloride
Bupivacaine
Bupranolol
Buprenorphine
Bupropion
Buserelin
Buspirone
Busulphan
Butacaine
Butalbital
Butamirate
Butanilicaine
Butizide
Butobarbital
Butobarbitone
Butoconazole
Butriptyline
Butropium bromide
Butyl aminobenzoate
Butylchloral hydrate
Cabazitaxel
Cabergoline
Cabimicina
Calcipotriol
Calcitonin
Calcitriol
Calcium barbiturate
Calcium carbimide
Calcium dobesilate
Calfactant
Camazepam
Canagliflozin

Canakinumab
Candesartan
Candidicin
Capecitabine
Capreomycin
Captodiame
Captopril
Caramiphen
Carbachol
Carbamazepine
Carbenicillin
Carbenoxolone
Carbetocin
Carbidopa
Carbimazole
Carbinoxamine
Carbocysteine
Carboplatin
Carboprost
Carbromal
Carbutamide
Carfecillin
Carfentanil
Carisoprodol
Carmustine
Carperidine
Carprofen
Carteolol
Carvedilol
Caspofungin
Cathine
Cathinone

Cefaclor
Cefadroxil
Cefamandole
Cefatrizine
Cefdinir
Cefepime
Cefixime
Cefodizime
Cefoperazone
Cefotaxime
Cefotiam
Cefoxitin
Cefpirome
Cefprozil
Cefsulodin
Ceftaroline
Ceftazidime
Ceftibuten
Ceftizoxime

Mepyramine
Mequitazine
Mercaptoperine; derivatives of mercaptoperine
Meropenem
Mesalazine
MESNA (2-mercaptoethane sulfonate sodium)
Mesocarb
Mesoridazine
Mestanolone
Mesterolone
Mestranol
Metabutethamine
Meta-Iodobenzylguanidine (I-131)
Metaraminol
Metaxalone
Metazocine
Metergoline
Metformin
Methacycline
Methadone (amidone)
Methadyl acetate
Methallenoestril
Methandienone
Methandriol
Methanthelinium bromide
Methapyrilene

Methaqualone
Metharbitone
Methcathinone
Methdilazine
Methenolone
Methicillin
Methimazole
Methisoprinol
Methixene
Methocarbamol
Methohexitone
Methoin
Methoserpidine
Methotrexate
Methotrimeprazine
Methoxamine
Methoxsalen
Methoxyphenamine
Methsuximide
Methyclothiazide
Methyl 5-aminolevulinate hydrochloride
Methylaminoheptane
Methylamphetamine
Methyldihydromorphine
Methyldopa
Methyldopate
Methylephedrine
Methylergometrine
Methylnaltrexone bromide
Methylpentynol
Methylphenidate
Methylphenobarbital

Methylphenobarbitone
Methylprednisolone
Methylsulphonal
Methyltestosterone
Methylthiouracil
Methyprylon
Methyprylone
Methysergide
Metipranolol
Metoclopramide
Metolazone
Metomidate
Metopon
Metoprolol
Metronidazole
Mexiletine
Mianserin
Mibepradil
Micafungin
Miconazole
Micronomicin
Midazolam
Midecamycin
Midodrine
Miglitol
Milrinone
Miltefosine
Minaprine
Minocycline
Minoxidil
Mirtazapine
Misoprostol

Mithramycin
Mitobronitol
Mitomycins
Mitopodozide
Mitotane
Mitoxantrone
Mivacurium
Mizolastine
m-Nitrophenol; o-nitrophenol; p-nitrophenol
Moclobemide
Moexipril
Molgramostim
Molindone
Mometasone
Monofluoroacetic acid
Montelukast
Morazone
Morinamide
Moroctocog alfa
Moroxydine
Morphine methylbromide; morphine N-oxide and other pentavalent nitrogen morphine derivatives
Moxalactam
Moxifloxacin
Moxonidine
Mupirocin
Muromonab-CD3
Mustine and any other N-substituted derivatives of di-(2-chloroethyl) amine
Mycophenolic acid
Myrophine
Myrtecaine

N-[α -methyl-3,4-(methylenedioxy)phenethyl]hydroxylamine (N-hydroxy MDA)

Nabumetone

N-Acetylaspartyl glutamic acid sodium salt

Nadolol

Nadroparin

Nafarelin

Nafcillin

Naftidrofuryl

Naftifine

Nalbuphine

Nalidixic acid

Nalorphine

Naloxone

Naltrexone

Nandrolone

Naphazoline

Naproxen

Naratriptan

Natalizumab

Natamycin

Nateglinide

N-Benzoyl sulphanilamide

Nealbarbitone

Nebivolol

Nedocromil

Nefazodone

Nefopam

Nelfinavir

Neoarsphenamine

Neomycin

Neostigmine
Nepafenac
Netilmicin
Nevirapine
Nialamide
Niaprazine
Nicardipine
Nicergoline
Nicocodine
Nicodicodine
Nicomorphine
Nicotine
Nicotinic acid
Nicoumalone
Nifedipine
Nifuroxazide
Nifurzide
Nikethamide
Nilotinib
Nilvadipine
Nimesulide
Nimetazepam
Nimodipine
Nimorazole
Niridazole
Nisoldipine
Nitrazepam
Nitrendipine
Nitric oxide
Nitrofurantoin
Nitrofurazone
Nitroglycerin

Nitromin
Nitroprusside
Nitroxoline
Nizatidine
Nomegestrol
Nometasone
Nomifensine
Nonacog alfa
Noracymethadol
Noradrenaline
Noramidopyrine
Norbuprenorphine
Norcodeine
Nordazepam
Norelgestromin
Norethandrolone
Norethisterone
Norethynodrel
Norfloxacin
Norgestimate
Norgestrel
Norketamine
Norlevorphanol
Normethadone
Normorphine
Norpipanone
Nortriptyline
Novobiocin
Noxythiolin
Nystatin
Ocriplasmin
Octacosactrin

Octocog alfa
Octreotide
Oestradiol
Oestriol
Oestrone
Ofatumumab
Ofloxacin
Olanzapine
Oleandomycin
Olmesartan
Olodaterol
Olopatadine
Olsalazine
Omalizumab
Omeprazole
Ondansetron
Opipramol
Opium
